**Location:** Hampshire

**Price:** £11,500

...probably the best remaining Radical Clubsport in the world!

**OVERVIEW:**

An early example (chassis number 33) of Radical's iconic Clubsport model in truly exceptional condition having been progressively updated to full spec and sympathetically restored, but very little used.

All parts are either new, restored, or good original. Fresh engine and gearbox. Chassis restored by Arch Motors, with various detail improvements and reinforcements.

Various carbon-fibre detail parts and various original parts replaced with bespoke-design aerospace-grade aluminium parts.

Silverstone National 63.45s at 2007 Birkett 6-Hour (2nd fastest lap of the day in a field of 250 cars), prior to later upgrades and full Powertec engine rebuild.

Comes as a complete car on slicks and mounted set of wets. Fitted with new race harness and extinguisher for 2018 season.

A piece of Radical Motorsport history!

**SPECIFICATION:**
