Decided to sell my pride and joy as I set my eyes on something else.

1. Car is a Radical PR6 2007 model with less than 15hrs on chassis and never had an accident.
2. Engine is an RPE 1585cc (less than 2hrs following refresh by Ivor Greenwood),
3. Geartronics paddleshift (less than 30mins use),
4. ATL fuel tank exp 2020,
5. Seatbelts exp 2020,
6. Lightweight body,
7. Farringdon steering wheel ,
8. MBE ecu (unlocked) and dynoed to 238bhp at the rear wheels using VP race fuel.
9. Carbon rear wing,
10. Several spares including set of wheels ,rain tires, chains, sprockets, fuel pump, rectifier, stator, gaskets, front splitter, rear diffuser, lens covers, front and rear louvres, some engine parts, factory fuel tank and pump, springs, etc
11. Trailer available at an extra cost.
12. Electric reverse.
13. FIA wheel tethers.

Car weighs 455 kgs without the reverse motor and fuel.

Price for everything €33,000

Price for car only , no spares , tethers or paddleshift €27,000

Interested people can contact me via messenger for further details or call/whatsapp(00356) 99473730

Owners response to my inquiry about Chassis number.

“Hi , it’s PR060009. It was originally sold to Gulfsport Racing in Dubai where it was used for approximately 10hrs and I imported it in 2012 and did less than 5hrs since, coz I only do hillclimbs.

Should you need further information don’t hesitate to ask. Cheers ”
