2010 Radical SR3 Gulf

Have you found yourself dreaming of weekend track days, but want a car that will perform beyond the standard fair? Are you an experienced driver looking for a more track-dedicated vehicle? This 2010 Radical SR3 is the ultimate choice for both new and veteran racers alike.

Wrapped in the classic Gulf livery, this SR3 has spent its entire life on display, inside a climate-controlled showroom, just waiting for an owner to carve the corners and chase the 10,500rpm redline! Under the ultra lightweight fibre body panels lies Radical's advanced space frame chassis with an SCCA-approved safety cage. The Nik suspension is race-proven and the secret to the SR3's poised handling. The addition of the desirable High Downforce Package offers upgraded front and rear diffusers, wheel arch louvers, and rear wing, which further stabilizes the SR3 at speed. The Powertec 220hp 1,340cc engine, mated to a 6-speed sequential gearbox, offers a wide RPM band and has yet to be fired since leaving the factory. The interior of this SR3 is all business, but does not forgo comfort. The full LCD instrumentation offers crucial data, while dash-mounted brake-bias adjustments are just a short reach away. The FIA-crash box and on-board fire extinguishing system are in place to maximize safety.

The Dunlop tires still have the original stickers on them and the ignition key still zip-tied to the harness! This Radical SR3 is a unique opportunity for racers of all skill and caliber!

Please Note: This Radical will require the standard, Radical-recommended preparation procedures prior to its first event.

About Us

Established in 1985, European Auto Wholesalers LTD has been built upon on a lifetime of passion for automotive excellence. For over three decades, European Auto Wholesalers Ltd has been hand-selecting only the finest automobiles; establishing a reputation for quality and attention to detail. This dedication has resulted in the ultimate car buying experience, in which the process is stress-free, simple, and focused.

For a vehicle to be considered for our inventory, it must be in above-average condition, offer consistent maintenance, and be indicative of loving ownership. Before being offered for sale, they undergo a comprehensive, multi-point inspection by European's own veteran ASE-certified technician; a specialist with decades of experience in all things high-performance. In short, our vehicles must only be, without question, examples that we would personally own and drive.

We are car enthusiasts at heart and are here to provide you an exciting experience with knowledge and passion. Do you see a vehicle in our inventory that catches your eye? Is there is a specific vehicle you are searching for? We are glad to answer all questions and even offer location services to notify you of a potential candidate that fits your parameters. If you are looking for your next dream car, look no further.

Payment & Shipping Options:

Please Note: All sales must be completed no later than 7 days after the agreement of purchase. \$1,000.00 non-refundable deposit required.

We Accept the Following Forms of Payment:

Institutional Financing Loan Check From Reputable Bank (where applicable)
