2006 Radical SR3 \$45,000 For Sale by Owner

in Ottawa, Ontario

Cdn\$45,000

2006 Radical SR3 1400cc with High Downforce Kit, Stock plus the options below:

- Clear coat carbon fiber body (one of only two in the US when I bought car in 2008), not heavier fiberglass
- 1400cc Suzuki Hyabusa engine (a modified 1300cc engine) with Hyabusa ECU and Power Commander setup for full tuning ability
- Original PowerTec ECU, throttle body, fuel rail, and other misc components to convert back to Standard PowerTec engine setup
- A spare 1300cc Hyabusa Engine (this K7 engine and transmission requires a full rebuild but it can be included in the purchase if interested)
- Fuel injected
- Dry sump equipped
- Gear drive oil cooler
- Triple-adjustable Intrax shocks

- High downforce front dive planes, undertray and dual-element rear wing
- Carbon-kevlar front undertray & brake cooling shrouds
- Two sets of wheels (two ultra-lightweight wheels, non v8 style)
- Upgraded 280mm x 25mm full floating front & rear brake option including alloy bell & stiffer caliper
- Stack dash/steering wheel with upgraded GPS lap timing (original track-side beacon can also be included if interested)
- Large dash gear indicator
- In-dash brake bias adjustment
- 54 liter Alum fuel tank bought in 2017
- Fire system
- Upgraded high-sided seat
- New seat belts installed in 2017
- Right hand drive
- Clear rear brake light lenses
- Reinforced carbon fibre nose piece
- Burns Stainless ultra-lite muffler

Car is currently in a heated garage in Ottawa, Ontario
I can deliver to Ogdensburg NY for a USA purchase

Decals have been removed since picture was taken
Many other photos are available upon request

Note. Price lowered to \$37,000
